Bylaw Enforcement

Village of Vibank has appointed Vision Quest Advisors as the contracted bylaw enforcement officers for the Village; they have copies of the Bylaws and will be in the Village addressing infractions. They are impartial and will be assessing all properties in the Village. Notices/orders to remedy will be sent out to homeowners if necessary.

There may be still more snow coming

Winter has been here a while and we are all getting very tired of the white stuff. The Village Maintenance crew and contractors have asked that residents kindly remember that: **Village equipment cannot safely manoeuvre around parked trailers, campers, or vehicles. The Village is NOT responsible for damage or snow -locked vehicles.**

Remember that shoveling or blowing snow onto Village streets creates extra work for maintenance and your neighbour, please keep the Snow from your driveway on your property.

Pets

Pet License renewals are Due January! The Village of Vibank requires all cats and dogs to be licensed. Licenses are available at the Village Office for \$5.00/ animal/ year. Licensed pets make it easier to find lost owners, or to notify searching owners of their pet's demise. Failure to license your pet could result in a fine.

Chlorine in Water

The Village Environmental Protection Officer has asked the Village to increase the levels of Chlorine currently used in the Village water system, the increase is minimal 0.5 to 0.6mg/l.
